Integration Delivers Results

- Are you uncertain if you will have enough money set aside to lead the type of life in retirement you want to lead?
- Do you have a comprehensive financial plan in place that has been implemented and reviewed on a regular basis?
- Do you have a financial planner who understands your personal financial circumstances and meets with you regularly to help you deal with current issues and plan your financial future?
- Do you wonder if you are currently incurring excessive fees on your investments?
- Is your investment plan as tax-effective as it could be?
- Do you have a number of different financial advisors who rarely or never speak with each other?

Putting all the financial pieces together can be difficult in this complex world. With our integrated approach, your accountant, financial planner and investment manager communicate with each other (and with you) on a regular basis to help ensure effective coordination of your financial affairs.

Your financial planner will also work with your lawyer and insurance advisor to help make certain that your will and insurance coverage are consistent with your financial and estate plans. Our main goal is to secure your financial future, and generate results that ensure all of the "moving parts" within your portfolio are being coordinated for you, under one plan.

The Client Advantage

Your best interests always come first. Our hard working integrated team of professionals is fully committed to providing you with solid advice, comprehensive financial planning, exceptional client service, business management and customized portfolios that bring vision, focus and balance to your financial position. You will benefit from a strong professional relationship that is built on trust, dependability and integrity.

Custodians

You may select either NBIN National Bank Independent Network or Fidelity Clearing Canada ULC to act as "custodian" of your investments. Although TriCert Investment Counsel makes the investment decisions for your account, your custodian, not TriCert Investment Counsel, holds and safeguards your investments for you.
